

## EARMARK DECLARATION

**HON. PETER T. KING**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 15, 2009*

Mr. KING of New York. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3183—the Energy and Water Development & Related Agencies Appropriations Act, 2010.

Requesting Member: Congressman PETER T. KING

Bill Number: H.R. 3183

Account: Operations and Maintenance (O&M)

Legal Name of Requesting Entity: U.S. Army Corps of Engineers

Address of Requesting Entity: 26 Federal Plaza, Room 2109, New York, NY 10278

Description of Request: \$150,000 will be used to place one million cubic yards of sand along the shoreline several miles west of the inlet for erosion control at Gilgo Beach and Robert Moses State Park (Fire Island to Jones Inlet Project).

Requesting Member: Congressman PETER T. KING

Bill Number: H.R. 3183

Account: Construction

Legal Name of Requesting Entity: U.S. Army Corps of Engineers

Address of Requesting Entity: 26 Federal Plaza, Room 2109, New York, NY 10278

Description of Request: \$500,000 will be used to complete the design and initiate construction of the first contract of beach nourishment and maintenance project from Jones Inlet to East Rockaway Inlet (Long Beach).

Requesting Member: Congressman PETER T. KING

Bill Number: H.R. 3183

Account: Construction

Legal Name of Requesting Entity: U.S. Army Corps of Engineers

Address of Requesting Entity: 26 Federal Plaza, Room 2109, New York, NY 10278

Description of Request: \$5,800,000 will be used by the Army Corps of Engineers for the Fire Island Inlet to Montauk Point (FIMP) Project to complete the 3rd nourishment at Westhampton and 1st nourishment at Shinnecock, to continue required monitoring efforts, and to complete a reformulation study for the Fire Island to Montauk Point Project.

Requesting Member: Congressman PETER T. KING

Bill Number: H.R. 3183

Account: FUSRAP

Legal Name of Requesting Entity: Verizon Communications

Address of Requesting Entity: One Verizon Way, Basking Ridge, NJ 07920

Description of Request: This report language will direct the U.S. Army Corps of Engineers to complete a remedial investigation/feasibility study for the cleanup of the former Sylvania nuclear fuel site at Hicksville, New York, proceed to a record of decision and, if appropriate, initiate any necessary remediation in accordance with the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA).

## EARMARK DECLARATION

**HON. ROBERT J. WITTMAN**

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 15, 2009*

Mr. WITTMAN. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding the earmark I received as part of H.R. 3183, Energy and Water Appropriations bill for FY 2010.

Project Name/Amount: Sustainable Algal Energy Production and Environmental Remediation, \$500,000

Requested by: ROBERT J. WITTMAN

Intended Recipient of Funds/Grantee: College of William and Mary P.O. Box 8795 Williamsburg, VA 23187-8795

Project description and explanation of the request: Algae yields substantial advantages over other bio-fuel crops toward the combined goals of renewability, sustainability, affordability, and environmental compatibility in an energy sustainable economy. A multi-disciplinary program plan and partnership are in development for a system to grow, harvest, and process wild algae into feedstock, to chemically convert the feedstock into fuels, and then to distribute the native algae-derived fuels to consumers. This program will be developed under leadership of the College of William and Mary (CWM), acting through its Virginia Institute for Marine Science (VIMS), the nation's third largest marine science organization, and the premier institute for coastal and estuary studies, working with the College's William and Mary Research Institute (WMRI), which provides access to 570 faculty members across the schools of the main campus. The envisioned commercial process has the potential to produce significantly higher efficiencies than other bio-fuel systems in development, based on mature, proven algae cultivation capabilities, while avoiding many land use issues of alternative algal methods. The target consumers of these fuels include all air and ground transportation and power production systems. This project will secure a number of new jobs for the district in the execution of the work, but the major benefits of bringing algal biofuels to the coast of Virginia will have an enormous impact on the state's economy while remediating long-standing environmental problems caused by nutrients in the watershed, rivers and estuarial run-off into the Chesapeake Bay. Funding will support production of 40 kg of Algal Oil and 200 kg of Algal Carbohydrate. Funding will also support design, development, and operation of a portable, water based, self contained harvesting system. Additionally, funding would develop a site screening and production forecasting computer model

Project Name/Amount: Regional Sediment Management Demonstration Program: Mathews County, VA, \$238,000

Requested by: ROBERT J. WITTMAN

Intended Recipient of Funds/Grantee: Norfolk District, Army Corps of Engineers 803 Front Street Norfolk, VA 23510

Project description and explanation of the request: Continue construction a sediment budget for the Mathews County, VA area and investigate utilization of dredge material from several local/adjacent federal navigation channels to address shoreline conditions along the

western shore of the Chesapeake Bay. The project is authorized by PL 110-114 Sec. 2037.

Project Name/Amount: Winter Harbor, Mathews County, VA, \$1,190,000

Requested by: ROBERT J. WITTMAN

Intended Recipient of Funds/Grantee: Norfolk District, Army Corps of Engineers 803 Front Street Norfolk, VA 23510

Project description and explanation of the request: Completion of authorized maintenance dredging activities authorized under the River and Harbor Act of 17 May 1950.

# RECOGNITION OF THE MILLER GAS STATION ON ITS 50TH ANNIVERSARY

**HON. MARY JO KILROY**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 15, 2009*

Ms. KILROY. Madam Speaker, I rise today to honor the Miller gas station on its 50th anniversary. This family business has been serving the residents of my hometown in Ohio for five decades by offering the personal service and attention that is becoming rare and invaluable in an increasingly automated world.

Unlike most other gas stations in Ohio which are purely self-service, the Miller family gas station maintains a full-service pump. The Millers interact with customers on a daily basis, developing relationships that are necessary for the sense of connectedness and goodwill among members of a strong and spirited community. Residents of Upper Arlington return to the Millers' station time and again—some for many years—knowing they will receive exceptional service each time.

Eddie and Deanna Miller leased the station in 1959 and worked at the station for almost 25 years before they could own the business outright. The couple has served as an example of the American tradition of hard work and quality service, factors that have kept their business vibrant in instances of harsh economic conditions over the last fifty years. For the Millers, good service is not just a virtue of successful business, it is an enjoyable and fulfilling aspect of their work. Interaction with community members instills within their family a sense of pride in and responsibility toward the people of Upper Arlington.

This month as the family business celebrates its 50th anniversary Eddie and Deanna express confidence in their son Mike in carrying their family business forward for decades to come. I thank the Miller family and encourage them to continue their tradition of unique and valued service to the residents of Central Ohio.

## EARMARK DECLARATION

**HON. BOB INGLIS**

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 15, 2009*

Mr. INGLIS. Madam Speaker, pursuant to the Republican leadership standards on earmarks, I am submitting the following information regarding an earmark I received as part of H.R. 3183, Energy and Water Development
